MOLDING GROUP

## Molding & Assembly

As Featured in  
*MoldMaking  
Technology  
Magazine*

### Capabilities

40 to 1000 Ton Presses  
Insert Molding  
2 Shot/Substrate & Overmolding  
PPAP & Sampling  
Transfer Molding  
Complete Part Traceability

### Secondary Operations

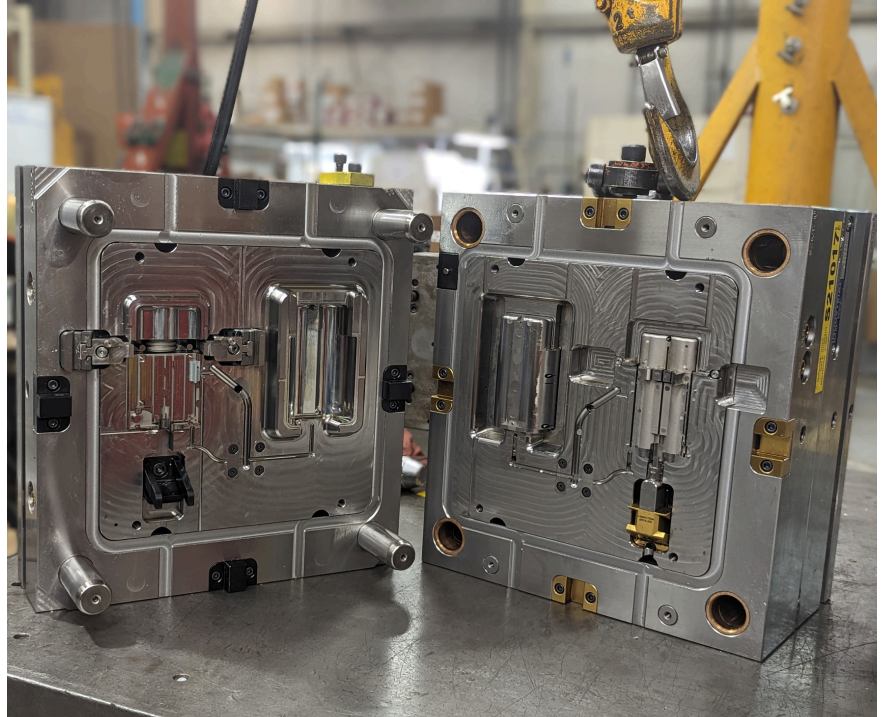

Post Molding Machining  
Ultrasonic, Spin & Vibration Welding  
Drilling, Tapping & Insert molding  
Pad Printing, Heat stamping &  
Labeling

### Assembly & Fulfillment

Partial to Full Assembly  
Inventory Stocking Programs  
Packaging & Kitting  
Fulfillment

### Quality Management

Quality Inspectors on Every Shift  
CMM Equipment

**Offering A Complete Solution For Injection Molding**

ISO 9001:2015

13485:2016

ITAR Registered

# PYRAMID

## MOLDING GROUP

### Mold Design & Manufacturing

#### Complete In-House

Engineering  
Tool Manufacturing  
Sampling & Grooming

#### Engineering

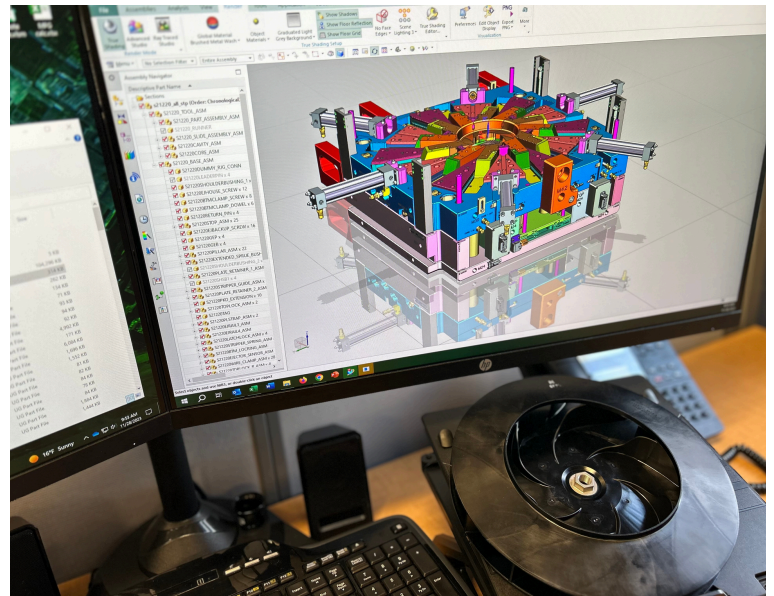

Product Development  
Metal to Plastic Conversion  
Moldex3D & Creo Parametric  
Dedicated Account Managers  
Custom Tooling Design & Engineering  
Support  
DFM & Mold Flow Analysis

#### 24/7 Unattended Machining

Electrode Cutting  
Sinker & Wire EDM  
High Speed Milling  
RFID Chip Palletized System  
Investments in New Equipment  
Operators have 24/7 Access via the Web  
Automated Lights-Out Manufacturing  
Process

#### Quality

Advance Quality Planning (AQP)  
Full CMM Inspections
